

# audiovisual theorem

## It\_boy - La violencia

*La violencia* is the new work from **It\_boy**. The second ep from the artist from Gijón since his debut on **Audiovisual Theorem** in 2008 with "*Tam tam*" and which lays the foundation of his sound between the coordinates of abstract hip hop.

In *La violencia*, **It\_boy** sound is enriched through the experimental hip hop, IDM and abstract electronica to show pure, clean and extremely powerful. Five tracks charged with hip hop cuts, intimate and abstract, that shape a listening experience as close to the IDM, and the rock and soundtracks.
